Harlan J. Berk Ltd.

Dear Fellow Numismatists:

Some of you requested that I offer better quality coins in our mail bid sales. This time I have tried to do this.

I apologize for the brevity of this sale(102 Lots) but of late, business has become quite hectic. I would hasten to add though that among the 102 coins there are a great many excellent values to be had and some great rarities being offered.

It might be helpful to give you some idea of how we determine what price you will pay for a coin you have bid on, as we have had several questions along those lines.

You will always be charged one bid above the next closest bidder unless there is a tie bid, in which case the first bidder will obtain the coin. If you bid \$1000 for a coin, and the next closest bidder has offered \$100.00, you will get the coin for \$125.00. I hasten to add that bidders seem to be very market-wise and we tend to get a great many similar and alike bids close to the top.

Ed Waddell with whom I have had a long and pleasant association has left the company. We wish him the best of luck and whatever he may do in the future. In conjunction with Ed's leaving, we are no longer maintaining offices in Chicago but are still quite ready to serve you in the office in Joliet.

Due to an error in our lab, the following lots are larger than actual size and we missed the photo for Lot 35.

Lots- 53, 54, 55, 49, 46, 70, 71, 97,98, 99.

Upon request, pictures can be obtained for the missing Lot 35, free of charge.

Good Luck

Harlan
